# Welcome

## to the 12th annual OUTintheOPEN Festival!

We are proud and excited to welcome you to the OUTintheOPEN Festival for 2023, now in our twelfth year. In that time, we have seen the festival grow from humble beginnings to this year's extravaganza of 22 events spread across two weeks.

With a fun combination of events new to the festival such as Drag Bingo, GLOW roller disco and Queer-a-oke on offer, complementing the many regular favourites including Carnival Day with a stellar line-up of performers and Rainbow Storytime for our younger humans and their caregivers, there is sure to be something for everyone to enjoy.

The theme of the festival this year is, “these are the days of our lives”, a nod, not to the soap opera but to the song released and performed by one of our most visible pioneers, Freddy Mercury. The theme weaves queer history, always present but not always acknowledged or retold across the years, challenging us to share stories and to write our history in. In line with this theme the program includes a Queer Film Jamboree featuring some fabulously classic movies, Our Queer History Museum in Queens Gardens for Carnival Day and our locally grown History Can Be Queer workshop.

Festivals like ours, celebrating LGBTIQ+ pride and community diversity, particularly in the regions, elevates the presence and profile of our LGBTIQ+ community creating opportunities for community members, allies and the queer-curious to socialise and learn more about one another. This festival would not be possible without the dedication of our volunteer committee and #glambassadors, and the generous support of our many sponsors, proud partners and local businesses and community organisations.

Whether you are a festival diehard or a newbie, welcome to Shepparton and the Goulburn Valley - make sure you study the gig guide for those hidden gems, book tickets early so you don't miss out, get your rainbows on and enjoy the experience that is “OUTintheOPEN” while enjoying all our region has to offer.

# Celebrating LGBTIQA+

## Pride & Diversity in Greater Shepparton & across Victoria

Happy 12-year anniversary of the OUTintheOPEN Festival. I love and admire our LGBTIQA+ communities, particularly our resilience, which has never been more important. I'm a descendant of the Kalarie peoples of the Wiradjuri nation, who identifies as queer. I grew up in my rural hometown of Condobolin in NSW. I know how much support and visibility means in regional and rural Australia. OUTintheOPEN is yet another example of Victoria leading the way here.

It's wonderful that LGBTIQA+ communities - and our friends, families and allies - are creating a safer and more inclusive regional and rural Victoria. Floods have hit us in different ways across the state, with some communities carrying a heavier burden. As we rebuild and recover, I look forward to our Rainbow communities coming together, promoting connection, reducing isolation and celebrating our rich diversities.

Thank you, Goulburn Valley Pride, for again organising this much-loved Festival through it all. You continue to provide safe spaces and support for LGBTIQA+ people not just for your region, but for all of Victoria.

I look forward to joining you all.

*Todd Fernando*  
Victoria's Commissioner  
for LGBTIQA+ Communities

It's great to see the 12th annual OUTintheOPEN Festival return for 2023. I want to congratulate committee members and volunteers for their tireless work in creating an action-packed line up of inclusive community events located across our region.

From Carnival Day in Queens Gardens, Masquerade at the Museum to pop-ups at local restaurants; there's a smorgasbord of events which promote LGBTIQA+ pride and diversity. It's important regional areas like Shepparton have opportunities for people to come together in their own backyard to celebrate inclusion and diversity.

The 2023 festival theme of "these are the days of our lives" is a fantastic way for people to reflect on, have conversations and celebrate diversity at an individual and community level.

I encourage people of all ages to gather your friends, family, neighbours and colleagues this November and take part in this local festival of fun.

# Welcome to Greater Shepparton

On behalf of Greater Shepparton City Council, we congratulate the OUTintheOPEN Festival on another successful event and jam packed program.

Council is proud to support the festival committee members, staff and volunteers who have worked tirelessly to bring this event to life for another year.

The OUTintheOPEN Festival provides opportunities for people to come together and celebrate in an environment which they feel comfortable and accepted.

Events such as this one aim to build a more inclusive and harmonious community within our region.

Greater Shepparton has a strong and diverse community and the past few years have been a reminder of how important staying connected truly is.

Please enjoy the festival and all of its activities, events and opportunities to come together and meet other people.

While you are in the region, be sure to visit our local cafes and restaurants, retail stores and small towns, and immerse yourself in the beauty and uniqueness of Greater Shepparton.

Enjoy the 2023 OUTintheOPEN Festival!

# Festival Overview

OUTintheOPEN is Greater Shepparton's Festival celebrating LGBTIQ+ pride & community diversity. 2012 was our inaugural year. OUTintheOPEN was developed to address some of the inequalities faced by the local lesbian, gay, bisexual, trans & gender diverse, intersex, queer, asexual (LGBTIQ+) communities and to build a more inclusive community in Greater Shepparton. We are now in our 12th year. OUTintheOPEN Festival is a project lead by Goulburn Valley Pride Inc. and is proudly supported by many other organisations and community groups. The Festival consists of health/wellbeing forums in Shepparton's CBD, a Carnival Day on the third weekend in November, and a further 20+ events in this it's twelfth year. Community festivals can increase feelings of belonging to a community, create connections, bring diverse people and organisations together, both through the festival planning and festival events, and build social inclusion, which has been linked with improved mental health and wellbeing (Barraket & Kaiser, 2007). Social inclusion can be defined as "where all people feel valued, their differences are respected and their basic needs are met so they can live in dignity". We're pretty proud of what we've achieved! For further information about the history and background of OUTintheOPEN Festival, along with a full list of our community partners and sponsors, please visit our website.

# Transcending the Narrative

## Reclaim your story, transcend it

Transcending the Narrative workshop takes LGBTIQ+ people on a journey of writing, re-writing, and transcending their story.

Using principles of Narrative Therapy, Lorene Slade (they/she) will take us on a journey from the story we as queer people have – or are told to have – about our lives, to an affirming, transcendent narrative of our lives. The workshop will explore creative writing skills, Narrative Therapy principles, and internalised and externalised queerphobia. Lorene is skilled in creating safety, and warmth in group settings, and welcomes members of the LGBTIQ+ community to this uplifting workshop. Lunch provided.

It's been a long journey for our community

Ever wondered what it's like to be LGBTIQA+? What was it like 40 years ago, or 100 years ago? Are you curious to know why a pub called the Stonewall Inn is important? Do you know when the rainbow flag was first flown? Ever heard of a pink triangle?

Now's your opportunity to learn in a safe space with others. Together we will create a timeline of key moments in the lives of LGBTIQA+ people. Join facilitator Emma Hofmeyer (she/her) and members from the LGBTI+ GO Alliance for this free session.

## Ed Wood - A Tim Burton Classic

Because of his eccentric habits and bafflingly strange films, director Ed Wood (Johnny Depp) is a Hollywood outcast. Nevertheless, with the help of the formerly famous Bela Lugosi and a devoted cast and crew of show-business misfits who believe in Ed's off-kilter vision, the filmmaker is able to bring his oversize dreams to cinematic life. Despite a lack of critical or commercial success, Ed and his friends manage to create an oddly endearing series of extremely low-budget films.

Winner of 2 Oscars (Best Supporting Actor & Best Makeup).

# She And Her Pretty Friend

## Author Talk

Meet author, Danielle Scrimshaw as she shares insights into researching and writing about the hidden history of Australian women who love women. Throughout history, women's relationships have been downgraded and diminished. Instead of lovers, they are documented as particularly close friends; the type that made out, worked, lived, and are buried together. Besties, if you will. *She and Her Pretty Friend* aims to dispel this myth. It is an exploration of women's relationships through Australian history, each chapter centring on a specific person, couple, or time period. Let us know you'll be coming so we can have a chair and supper ready for you.
